ART SPECIFICATIONS

Please review this checklist before submitting your art.

Art and digital files that pass this "pre-flight test" usually flow through our system with ease. **1 LAYOUT:** 1/8" (.125 inch) Bleed when art extends off of the supplied template, critical elements need to fall within "safe zone" area. **2 DIGITAL IMAGES:** Image resolution MUST be 300dpi or higher. EVERY file used to create the final piece MUST be included and editable. This includes linked or placed files. Save images at 300dpi, sized to 100%. Save images as .psd, .tif, .eps or .ai files Include editable versions of all files. **3 FONTS:** Reverse type min 12 pt reg, -10pt bold serif, 10pt reg, - 8pt bold sans-serif. Convert all fonts to outlines/curves or include all screen & printer fonts **4 SOFTWARE:** Hi-Res PDF Photoshop Illustrator note: Word(.doc), Publisher(.pub), PowerPoint(.ppt), and Excel(.xls) are not acceptable file formats. **5 ART FILE SUBMISSION:** Submit files to your assigned sales representative or to sales@alpineproducts.com **6 COLORS:** - PROCESS & PMS Colors should be defined as either 'spot' or 'CMYK'. All spot colors will be matched to the Pantone® COATED colors. Converting spot or RGB colors to CMYK will change the appearance of the color, sometimes dramatically. CMYK 4-Color Process Coated Pantone® PMS **7 DESIGN TIPS:** Avoid small type and other thin elements, avoid borders, text, and art elements that run close to and parallel to the products edge, include image, font, and layout files, convert fonts to curves/outlines.
